To save Captain Dread's crew and recapture [the Shard](#), [Sonic](#) will have to do what he does best: act fast. Luckily he has help from an unexpected ally.

What just happened?

I'll never let you go.

[The shard](#).

You all right, Capt'n?

Aye, Batten.

What happened to [Sonic](#), Captain?

He poofed! And in the blue flash, he was gone.

The Devil's Lighthouse!

Aye! And with this, we will reclaim the No Place Seas.

Huzzah!

Huzzah!

This craft is the property of The Chaos Council.

Shut your metal gob!

I will not! I was programmed by The Chaos Council with the mission to retrieve that shard.

And ya failed!

The council will return. You would do best to surrender to me now.

( *crew laughs* )

If this Chaos Council wants to take this ship back, they're more than welcome to try.

You're a heck of a scrapper, Rusty. Ye'll make a fine pirate.

I am loyal to the Chaos Council.

Then prisoner it is.

All right, crew, let's get this metal boat ship-shape and ready to sail!

( *crew cheers* )

What about the Angel's Voyage, Captain?

A good captain goes down with their ship, but a great captain steals someone else's.

Ha! What be her name?

The Kraken.

Aye, a fitting name.
